Here's to the end of another great year. In just a short week, on August 6, we will kick off our new CDC school year. You should have already received your move up letter so you know which class your child will be moving to. I encourage you, if you have not already, to meet and get to know the new teacher before move up day. Please ask any questions you may have then and this will help make the transition easier. Over the 1st couple of weeks of school, the children will simply be working on procedures and getting acclimated to their new room before diving into the curriculum.

We are busy getting ready here! Our new curriculum is on its way and teachers are preparing their rooms with all the new supplies in anticipation of a great year. Everyone is so excited to begin a new school year.

**Please remember to refer other families to our daycare to receive your free week after their registration and two weeks of attendance.**

If you have any questions, please feel free to call us. We are here to serve you!!!!!!

"Whatever you do, work at it with all your heart, as working for the Lord, not for men." Colossians 3:23

In Christ's love,

Deborah Eddie, Director

Government Street Baptist Child Development Center is a ministry of Government Street Baptist Church and is designed for infants through age three. We enlist Christian adults with warm, loving, personalities that will convey God's love to the children in their care. Our desire is to provide a safe, secure, and loving environment for your children, but also a place where they will be spiritually and intellectually challenged at an early age to prepare them for school in the years ahead.

At Government Street Baptist CDC, we believe that the primary responsibility of spiritual, emotional, and social training is the parents. However, we are here to assist you and support you in your efforts as a parent to bring up your child in the nurture and admonition of the Lord. When we work together as a team, your child will become well-educated, well-trained to make right decisions, able to cope with problems, and ready to accept responsibility as appropriate for his or her age.
